RESOLUTION NO. 6
Series, 1976

WHEREAS, the fiscal problems of the City of Elgin, Oregon continue to increase, despite effortsto hold the line on new programs and services, improve productivity and achieve economies and efficiencies; and

WHEREAS, the City of Elgin has in preparing its budget for fiscal year 1976-77 been forced to cutback programs, services and personnel as follows: replacing a 1974 police car, and funds needed to comply with requirements of DEQ and EPA; and

WHEREAS, Statewide analysis has indicated that factors behond the control of cities, such as growth, inflation, and state and federal mandates, add significantly to the fiscal burden of cities, and

WHEREAS, cities urgently need access to income tax revenues, the one significant untapped source of revenue for cities, because of its unique ability to respond to growth and inflation in a manner that no other revenue source now available to cities can accomplish; and

WHEREAS, statewide collection of income tax revenues with allocation to cities on a formula basis is a far superior means of giving cities access to this revenue source when compared to development of a crazy-quilt pattern of numerous local income taxes with their resulting tax payer inconvenience, possibilities for overlapping and double taxation and higher administrative costs;

NOW, THEREFORE, BE IT RESOLVED, that the council of the City of Elgin, Oregon does earnestly petition that the State of Oregon, by legislative and concurring executive action, enter into a program for sharing state income tax revenues with Oregon cities as the most practical means of helping to alleviate the citiical fiscal crisis of Oregon cities; and

BE IT FURTHER RESOLVED that a copy of this resolution be forwarded to the Governor of the State, to each of the legislators representing the House and Senate districts which include this city, and to the League of Oregon Cities.
